

Little McDonald, Kerbs and Paul Lakes LID

Venting Status

August 24, 2012

We were notified by Otter Tail County today that McDonald Lake has filed a Notice of Appeal and Appeal of Ordering a Drainage System. The appeal is addressed to Otter Tail County by and through their Board of Commissioners. Hearing date before the Court according to the summons could be as soon as practicable, hopefully within 20 days.

This will put our project on hold until this matter is resolved. We have placed the summons under documents on the website for your viewing. As more information becomes available we will inform you.

Roger A Neitzke
